What nicer spot could there be to come home to than this quiet, pleasant, white-picket-fence neighborhood of Colden Park. And to one of the nicest homes! Recently renovated and upgraded, there's nothing left to do except move in. Beautifully finished hardwood floors and a huge bay window brighten the living room. An upgraded stainless-steel kitchen with granite counters and tile backsplash is a joy to work in and a spacious master suite with brand new bathroom and room-sized walk-in closet is a showcase! One of the few 4-bedroom homes in the neighborhood, it is practical, charming and cozy. Municipal water & sewer, and clean natural gas heating makes it practically perfect. The location is hard to beat with easy access to I-84 and I-87, Stewart International Airport, shopping & dining. Commuters are minutes away from Metro North and buses to NYC's Port Authority Terminal. The best of everything close at hand in this walking, talking, strolling, biking, dog-walking, neighborly, old-fashioned community.
